Congratulations to Our Graduates!

It's been a long road, but you have finally made it. **GRADUATION!**

You have proven that you can be successful, determined, and productive. By being a member of Gamma Beta Phi, which is the highest honor a student can achieve, you have shown all these attributes.

Success is shown by making it through your courses and finally graduating. You have proven that you can achieve the grades and reach the levels few can dare to achieve.

Determination is shown in the fact that you have reached graduation and done so no matter what obstacles or trials were placed in your way.

Productiveness is shown in the time that was spent on the various Gamma projects and fundraisers, and also the completion of seemingly endless class assignments!

Good Luck in your future careers and lives!!
